## 2025 Facilitated Training Form

The annual staff training that is required to serve at Camp Li-Lo-Li is an important part of our process to communicate essential information to our staff. We have elected to do this through online training platforms so that our staff can do the training at their own pace prior to serving at camp.

We have a process to allow groups of individuals (families, friends, local churches) to complete the training together. The process for doing this is:

- 1. **Identify a Facilitator** The facilitator will use their login to facilitate the training with the group. The facilitator will login to Thinkific with their ID and login to Safe Hiring Solutions with their ID and the group will watch the videos and complete the videos together.
- 2. **Training Session** The facilitator will ensure that all the training videos were completed and lead the group discussion on the quiz questions from each session. There is a training booklet to go with the Thinkific training which the facilitator will make available to each of the participants electronically so that they can print if desired.
  - a. To access the Li-Lo-Li training content, go to our online training website: Camp Li-Lo-Li (thinkific.com)
  - b. To access the Safe Ministry Child Protection Training, use the link in the email the facilitator received.
  - c. If you are a returning staff that served 2021 or prior, you may already have a user account. If you are new to our training, then you can create a user to access the training.
- 3. Facilitator Attestation The facilitator is signing this form attesting to each participant being included on this form with names and signatures were present for both trainings.
- 4. **Participant Attestation** The participants in the training session will also print their name and sign indicating that they have completed these trainings as part of this facilitated session.
- 5. **Send Form to Staffing Coordinators** This attestation form needs to be emailed to the staffing coordinators at <u>staffing@liloli.org</u> or faxed to (716) 313-1760 with all applicable information completed.

Date of Session:	Location of Session:
Facilitator Name:	Facilitator Signature:

**Facilitator Attestation:** I attest that I have facilitated this training session and the participants watched all the videos and discussed the quiz questions together. Each person listed as a participant on this form was present for the entire training session including <u>both the Child Protection Training from Safe Ministry and the Staff training in Thinkific</u>.

**Participant Attestation:** By listing my name and signing this form, I attest to attending this facilitated training session at the date and location as listed. I was present for the entire training session including the videos and the discussion for both Child Protection Training from Safe Ministry and Staff Training in Thinkific.
